

# The Paducah Evening Sun.

VOL. XXVIII, NO. 109.

PADUCAH, KY., MONDAY EVENING, NOVEMBER 28, 1910.

TEN CENTS PER WEEK

## VARIED WEATHER ENDANGERS LIFE SUNDAY EVENING

Warm Rain Succeeded By  
Cloudburst and Hail Storm  
in West Kentucky.

Experiences of Those Who  
Were in it.

Turns Cold During Night.

Variety was what the weather man had stored up for Paducah yesterday. Sunday morning broke an ideal spring day but was marred by threatening clouds, followed by a light rain about 11 o'clock. Mercury went up to the 74 mark and winter togs were quite unnecessary.

Another touch of the weather man's products was felt about 3 o'clock yesterday afternoon and a terrific hail storm blew for a short time, followed by rain and a sudden drop in temperature. It grew colder as night fell and today broke with the thermometer standing at 31 degrees.

A high wind played over the local harbor late yesterday afternoon and there was a stiff breeze during the night. Towboats and gasoline boats composing the "meco-quo fleet" were tossed roughly but there was no damage.

No serious damage to the county roads has been reported, and so far reports of washouts of bridges have been received by County Judge Allen W. Barkley. All the creeks are out of their banks, and in many places the roads were submerged.

In the city the streets were covered with water, but the storm water sewers took care of the excess water in a short time after the downpour ceased. Many window panes were broken by the heavy hail. Some of the hail stones were almost as large as eggs, and pelted down like bullets.

**Store Is Blown Down.**  
Calvert City, Ky., Nov. 28. (Special.)—The store house of W. Johnson was blown down in the storm yesterday. The building was burned several months ago and was under reconstruction.

**Caught in the River.**  
Caught on Dog Island in the Ohio river near Smithland, yesterday afternoon, a party of hunters who were out with their dogs, were nearly lost with their lives. The party had two gasoline launch and one was lost while only good fortune prevented the accident from being fatal.

Most of the members of the party are employees of the Illinois Central and made the trip to the island to enjoy the day hunting. Just before the storm began Pat Runyan and D. D. Dowden started from the island to Smithland in a small gasoline launch. They failed to reach their destination before the gale struck them and the giant waves rapidly filled the little boat with water. They made for the bank, but before land was reached the little craft sank, and Runyan and Dowden were forced to swim ashore.

When the boat sank they lost four fine guns and other hunting paraphernalia. Making their way to Smithland, the two men telephoned to Paducah and spent the night at Smithland. Today friends went up the river to assist them in recovering the boat and paraphernalia if possible.

The remaining members of the hunting party stayed on the island until after the rain ceased and then started to return to Paducah in the launch "Dan Patch." In the boat were: Pat Donahue, Harry Kelley, Thomas Metcalfe, Ed Fogarty, Joe Danaher, Chief Harry Lloyd, Kenzie Murray and Charles Ackerman. All went well until Livingston's point was reached when a gust of wind struck the craft, and blew it against the point. The waves splashed into the boat and dampened the coils, stopping the engine.

Unable to start the engine the hunters clung to the boat from 6 o'clock until 8:30 o'clock when the engine was repaired and the launch crossed the river.

**Wall of House Crashed In.**  
The terrific wind yesterday afternoon during the cloudburst blew in the west wall of the residence of Mack Bean, 711 Goodell avenue. The house is a three room brick cottage and was badly damaged by the wind and rain.

Thomas Bean was in the room when the wall crashed, and was struck by several flying bricks, but, fortunately, was not seriously injured. He looked out the window in the room and was starting into the

## Only One Will be Tried This Term For Taking Part in the Dycusburg Raid By Crittenden County Jury

TAG DAY PROFITS.

Tag Day Saturday netted \$226 to the Philanthropic department of the Woman's club in charge of the charity work in the city. The workers are well pleased with their efforts. Rain interfered with the success of the day, and the number of tag sellers was small. The business district was well covered, however. No tags were sold Saturday night as was planned.

adjoining room, when the gust of wind blew down the brick wall. John C. Bean, who has been seriously ill for several weeks, was in the front room, and as a result of the freight his condition was worse today. After the wall crashed in, the heavy downpour of rain flooded the entire house, and damaged furniture and household goods.

**A Terrible Experience.**

Mr. and Mrs. G. H. Noble, of the Blandville road, had a terrible experience in the storm, and but for the assistance of Cleveland Copeland, Mrs. Noble believes her baby would have died. Just before reaching home they were caught by the terrible wind, hail and rain storm, and the house could not or would not go. The wind blew the rain and hail into their faces. Mr. Noble got out and tried to lead the horse, but it would go only into a ditch. The side curtains were torn off, so that Mrs. Noble could get out with the baby, but she could not walk in the storm and fell unable to rise. Mr. Noble had their little girl in charge, and could not assist his wife until he had her in shelter. Just then Cleveland Copeland went to their assistance, and assisted them to their home nearby. After they had changed their clothing, Mr. Noble observed that his wife's face was terribly bruised by the hail, the pelting of which she had not felt in the excitement.

**Lightning's Pranks.**  
Lightning played a peculiar prank yesterday at the farm of W. T. Wagner at Lone Oak. While all members of the family were away from home a flash of lightning struck the stable killing a horse that was in the stall at the time. The stable was damaged only slightly and did not catch fire.

**Nelson Ressler.**  
Nelson Ressler, the 17-month-old son of Mr. and Mrs. Nathan Ressler, died at 3 o'clock yesterday morning of pneumonia. The funeral was held at 3 o'clock Sunday afternoon and burial was in the Rose Bower cemetery.

**BOARD OF HEALTH TO MEET WED. AFTERNOON**

The board of health made an attempt to meet this afternoon, but owing to the failure to get a quorum the meeting was postponed until Wednesday. Several important matters will come before the health department. One will be the draining of the pond lying between Ninth, Tenth, Caldwell and Norton streets. Dr. Holland will ask for the extension of the sewer from Fifth and Trumble streets east to the Ohio river and will also ask for the re-election of the present sanitary inspectors, owing to their inefficiency. The board will investigate the storm water sewerage at Sixth and Monroe streets, which is too small.

The matter of prosecuting property owners in sewer district, No. 1, who have failed to make connections, will be discussed.

**“Ruthless Monster is the Sugar Trust”**

New York, Nov. 28.—In one of the most sensational petitions ever filed in the federal court, the department of justice today asked the United States circuit court to dissolve the sugar trust. The combination is characterized as a "ruthless monster," which crushed all it could not control. The court is urged to dissolve it "by receiver or otherwise and restore old time competition."

**THE WEATHER**  
The predictions and temperature for the past twenty-four hours will be found at the top of the seventh column on page four.

**Hospital Benefit**  
Arrangements have about been completed by the Woman's Hospital league for the production of a play in a short time. The funds will be used for the erection of a contagious ward for children. A meeting of the league was held this morning at the residence of Mrs. C. E. Purcell.

**Judge Park at Murray**  
Judge D. G. Park left this morning for Murray, where he is speaking this afternoon at the court house in the interest of his candidacy for the United States senate.

**Other Cases Are Continued by Court—Girl Commits Suicide—Jury Being Chosen in Wendling Case.**

Marion, Ky., Nov. 28. (Special.)—Only the trial of Ott Peake, charged with being a member of the night riders in the raid upon Dycusburg, will be called at this term of the Marion circuit court. The night rider case was taken up today, and all morning was spent in securing a jury for the trial. A long panel of jurors was exhausted. The trial of Alonzo Gray, also under indictment for being a member of the party in the raid on Dycusburg, will be passed as Gray is in the Hopkinsville jail on the charge of murder.

**The Wendling Jury.**  
Louisville, Ky., Nov. 28. (Special.)—The selection of a jury began today in the trial of Joseph Wendling, murderer of Little Alma Kellner.

**Young Girl Hangs Self.**  
Scottsville, Ky., Nov. 28. (Special.)—Myrtle Frost, 14 years old, daughter of Fred Frost, committed suicide by hanging herself in the barn. The cause is unknown.

**Mrs. Charles E. Smith.**  
Eddyville, Ky., Nov. 28. (Special.)—The death of Mrs. Charles E. Smith early yesterday morning came as a shock to relatives and friends. She died at her home at Birmingham, and will be buried in the city cemetery here tomorrow. She was the daughter of I. M. Gray of this county. Her husband is president of the First National Bank of this city. Mrs. Smith was a Christian and a most lovable woman. She died of heart trouble.

**NEARLY HALF OF IT FROM THE PURCHASE**

Frankfort, Ky., Nov. 28. (Special.)—The official vote in the First district shows: For congress, James, 11,574; Horney, 1,389; for appellate court, Nunn, 19,967. The Democratic plurality for the state is 28,262.

**ELEY'S ELECTION TO BE CONTESTED?**

**BAKER MAY TAKE OPINION OF ATTORNEY GENERAL AS BASIS OF SUIT.**

There is a rumor about the city that the election of Coroner Robert E. Eley will be contested in the courts. The election of Mr. Eley is questioned on the same ground that Attorney General Breathitt held that the state school superintendent appointed to fill a vacancy holds till the next regular state election. When Coroner Frank Baker died his brother, J. W. Baker, was appointed coroner until a successor was elected at the next regular election. Coroner Eley gained the Democratic nomination and was elected easily. Mr. J. W. Baker, who has been coroner, today said that he had heard of the election of Coroner Eley being questioned, but said he doubted whether he will take any steps toward a contest.

**COUNTY HIGH AT HEATH ACCEPTED**

**FORMALLY TURNED OVER TO SCHOOL BOARD BY THE CONTRACTOR.**

The county high school at Heath has been accepted by the county school board, and the last payment on the building will be made this week. The building was constructed by Contractor James Rouse. It is constructed on concrete blocks and many handicaps have arisen that have delayed the completion of the building. Over a year was necessary for the construction.

## MARION CHOSEN FOR MEETING OF FIRST DISTRICT

Teachers Will Go There On Special Train to Attend 1911 Association.

Prof. J. A. Carnegie Given Second Place.

NOT MANY FROM THIS CITY.

In 1911 the First District Educational association, which adjourned last Saturday afternoon after a successful two days' session in Wickliffe, will meet at Marion. The capital of Crittenden county put up a hard fight for the next meeting, because of the splendid attendance from that part of the district. Marion was selected unanimously although Mayfield invited the association for next year.

In the annual election of officers Paducah was represented as Prof. J. A. Carnegie, superintendent of the city schools, was elected secretary-treasurer. It is an honor well appreciated by Professor Carnegie. Prof. J. E. Lane, of Wickliffe, superintendent of the Ballard county schools, was elected president. This year he was secretary-treasurer. Prof. J. U. Snyder, of Marion, was elected vice-president.

The Paducah teachers returned Saturday night at 8 o'clock and were pleased with the hospitality extended by the Wickliffe citizens, who threw their doors open to the teachers. Over 300 teachers from the district were present, and it was the most successful meeting in the history of the association. There was only a small percentage of the Paducah teachers present.

For the purpose of encouraging a larger attendance at the meeting next year it is planned to charter a special train to leave Cairo early in the morning. The train would go south to Fulton and then north to Paducah, and thence to Princeton and over the Evansville district to Marion. On the special train the same fare could be charged from all points, and the teachers living in the southwestern part of the district, would not be taxed heavily for attending the meeting.

**Said to Be Throwing Water.**

Bob Moore and Frank Boatwright were arrested this morning by Patrolman England on a charge of disorderly conduct. Complaint was made to Patrolman England that Moore and Boatwright were throwing water upon passersby near Isaman's stables, Second and Washington streets.

**Mr. Baker's Father Dead**

Mr. C. N. Baker, of Noah's Ark, was called to Townsville, Penn., Saturday evening by the death of his father, Mr. Lewis B. Baker, 80 years old who died Saturday. Mr. Baker was a prominent contractor and builder but had been ill several years. His condition for the past few months had been critical. The funeral and burial were held there today. Mr. C. N. Baker is expected home the latter part of this week.

**Mrs. Mollie Brummel**

Mrs. Mollie Brummel, 57 years old, died suddenly at 7 o'clock Sunday morning at the home of her daughter, Mrs. Jennie Etherton, 204 Monroe street, of dropsy and heart trouble. In the absence of a physician Coroner Robert L. Eley was called and held an inquest. The verdict was that death resulted from dropsy and heart failure. The funeral was held at 10 o'clock this morning and burial was in Oak is a sister of Mrs. Brummel.

**COUNTY HIGH AT HEATH ACCEPTED**

**FORMALLY TURNED OVER TO SCHOOL BOARD BY THE CONTRACTOR.**

The county high school at Heath has been accepted by the county school board, and the last payment on the building will be made this week. The building was constructed by Contractor James Rouse. It is constructed on concrete blocks and many handicaps have arisen that have delayed the completion of the building. Over a year was necessary for the construction.

## Couple Fail to Return From Lakes And it is Believed They Drowned During Storm on River Yesterday

Friends of John P. Casey and His Wife Think Their Boat Capsized—Seek For Them in Illinois.

Missing since yesterday morning when they started on a fishing trip to the lakes in Illinois, John P. Casey and his wife, residing at 313 George street, are believed to have been drowned. Not a word has been heard from the missing couple, and this afternoon several friends went across the river to make an investigation and ascertain whether Casey and his wife are still at the lakes or whether they started home yesterday afternoon and were caught in the storm.

Casey is an employee at the Ferguson & Palmer saw mill, and as usual yesterday morning he and his wife went fishing at the Illinois lakes. They crossed the river in a skiff, and their friends fear that they tried to return, and the wind and waves upset the frail craft. Frequently Casey and his wife have crossed the river when the waves were high, and their friends fear that they might have attempted to cross the Ohio yesterday.

When Casey and his wife failed to return last night their friends were not at first alarmed, but when this morning they did not return, friends crossed the river to institute a search. Both Casey and his wife are about 40 years old, and have resided in Mechanicburg for a number of years.

**Sunday School Gets Banner**

The First Presbyterian Sunday school has been awarded a silk banner by the board of publication for leading the Presbytery in the percentage of gain in Rally Day collections for home missions.

**ENGLISH PARLIAMENT IS DISSOLVED TODAY**

London, Nov. 28.—Parliament was dissolved today. The fate of the house of lords now depends upon the elections beginning next Friday. Should the Liberals, led by Premier Asquith, win, King George is expected to create enough lords from the ranks of the Liberals to place them in the majority and in a position to out vote the Conservatives. The dissolution writs for the old parliament were issued tonight. The new parliament to be elected either in December or January, is ordered to meet January 31, 1911.

**FOURTEEN MINERS DIE IN OKLAHOMA**

**EXPLOSION IN ASPHALT MINE AT ANTLERS—RUINS SEARCHED.**

MacAllister, Okla., Nov. 28.—Fourteen miners were killed early today by an explosion in the Choctaw Asphalt company's mine near Antlers, Okla. The cause of the explosion is unknown. State Mine Inspector R. W. Church is conducting the rescue work, fearing that other men may be entombed.

**No More Bodies Found.**  
Newark, N. J., Nov. 28.—Careful search of the ruins of a factory building that Saturday claimed 23 victims, failed today to reveal more bodies. Seventeen girls are injured in hospital, four of whom may die. After the coroner's inquest, the grand jury will investigate.

**THE REV. MR. GREGSTON INVITED TO PREACH**

The pulpit committee of the Second Baptist church reported yesterday morning that an invitation will be extended to the Rev. Mr. Gregston of Gracey, to preach a trial sermon here Sunday, December 7. No call has been extended. The committee has been corresponding with several ministers since the resignation of the Rev. G. B. Smalley. The committee is composed of Messrs. Charles Warren, E. W. Lewis, Ed Nichols, L. L. Phelps, W. M. James, J. P. Ford, S. G. Browning and John Cockerill. The pulpit yesterday was filled by the Rev. H. W. Ellis, of Jackson, Tenn.

**THE ASSESSMENT.**

City Assessor J. W. Orr expects to complete the list of real estate assessment for Paducah this week and will take up the personal property list immediately afterwards. The real estate total will be much greater than last year, as the block map system of assessment has materially increased the valuation. It will require several weeks to complete the personal property and then the board of assessors will meet to add the totals.

## TOBACCO BEGINS TO REACH MARKET

**WET WEATHER MAKES IT POSSIBLE FOR FARMERS TO HANDLE CROP.**

Planters got into their tobacco barns this morning for the first time in six weeks and were busy stripping the weed. Deliveries will begin at market points in the Black Patch this week, and if the weather remains favorable, lively selling will be inaugurated.

The loose leaf auction houses, the American Snuff company, which has been the only active buyer in the field, and the Planters' Protective association prize houses and warehouses are ready to receive a flood of tobacco, and buyers are keen to get a sight of the biggest crop, perhaps the Black Patch ever produced. It has been so dry recently that buyers could not even get into the barns to inspect the crop as it hung.

It is expected that last year's prices will prevail generally and that ready sales will be made on that basis. Up to this time, as a rule, only the finest grades have sold; the planters not yet being willing to go under the price for less attractive qualities. Paducah, which greatly increased its business last year, probably will take front rank as a dark tobacco market this season, the loose leaf houses having made arrangements to ship tobacco in from all points, and prospects for big auction sales being promising.

Tobacco began rolling into Paducah this morning from every section. The rain was general in this section and enabled farmers to gather their tobacco.

**In Bankruptcy.**  
Amanda Beck filed a petition in bankruptcy today, alleging liabilities of \$122.50, and no assets.

**The Ides of December**

San Antonio, Texas, Nov. 28.—Francisco Madero has not been wounded and is recruiting his revolutionary forces with confidence of yet overpowering Diaz. A courier arriving from the revolution headquarters near Laguna, Mexico, told Madero's relatives here today that the uprising would reach a climax December 1, when Diaz is inaugurated for his new term.

**ILLINOIS GAINS BIG PERCENTAGE**

**NEW CENSUS WOULD ADD FOUR CONGRESSMEN ON PRESENT BASIS.**

Washington, Nov. 28.—The state of Illinois made one of the best percentage of gains of any of the states, whose populations have so far been announced by the census bureau. The population of the state as announced today is 5,638,581. This is an increase of 814,041, or 15.9 per cent over ten years ago. The increase Illinois gains four more congressmen. The population of Alexander county, of which Cairo is the county seat, is 22,741. The census returns announced today give Cook county (Chicago) 2,405,233.

**Chicago Market.**  
Dec. — High. Low. Close.  
Wheat . . . 90% 89% 89%  
Corn . . . 44% 43% 43%  
Oats . . . 30% 30% 30%

## RIVER PLANS FOR NEXT YEAR CALL FOR 22 MILLIONS

Engineer Recommends Work to be Done on Rivers and Harbors.

Lakes-to-Gulf Gets no Appropriation.

LOCKS AND DAMS IN THE OHIO.

Washington, Nov. 28.—Estimates for rivers and harbors improvements for the fiscal year ending July 1, 1912, submitted in the annual report of General W. D. Bixby, chief of engineers, U. S. A., made public today, aggregating \$22,227,361. No specific appropriation is asked for the Lakes-to-Gulf project. The report says the estimates are low, as future work will be provided for in fixed annual appropriations. Bixby selects only 211 projects worthy of appropriations.

Ten per cent of the total will be given towards the restoration and maintenance of completed work in 136 localities. The major is given to the Ohio, Mississippi, Detroit, Hudson, Delaware and Columbia rivers and 11 harbors.

Estimates for the Ohio river are: For locks and dams, \$1,550,000; for operating expenses, maintenance, etc., \$2,000,000. In addition congress is asked to appropriate for the placing of contracts for future work, aggregating \$3,000,000. Two special estimates are \$155,000 for locks and dams, No. 26, and \$229,000 for open channel work.

For the Mississippi river: For work between St. Paul and Minneapolis, \$240,000; between Minneapolis and the Missouri river, \$1,250,000; between the Missouri and Ohio rivers, \$1,000,000; improvements in the southwest pass of the Mississippi, \$450,000, and \$450,000 for work in that section.

**\$16,000 Gone; Hold Employees.**  
Muskogee, Okla., Nov. 28.—Three employees of the Wells-Fargo Express company, are held pending an investigation into the mysterious disappearance of an iron chest containing \$5,000 in silver and \$11,000 in currency. The chest was removed from the express office here. The padlock on the door had been broken, the employees stating they were all absent at the time of the robbery.

**Pacific Coast Census.**  
Washington, Nov. 28.—Population statistics of the thirteenth census were made public for the following cities: Portland, Ore., 207,218, an increase of 116,722, or 129.3 per cent, over 90,426 in 1900. Seattle, Wash., 237,194, an increase of 156,523, or 194 per cent, over 100,671 in 1900. Several instances of padded census reports were found by the department in the returns from Seattle and Portland. The figures announced tonight are the revised reports made by the government.

**Oklahoma Gains 242,973.**  
Washington, D. C., Nov. 28.—The population of the state of Oklahoma is 1,667,155, as compared with 790,391 per in 1900, an increase of 866,764, or 96.1 per cent. In 1890 the population of Oklahoma was only 253,657. The special census of Oklahoma taken in 1907 gave the state a population of 1,414,177. There fore, the increase between 1907 and 1910 was 242,978, or 17.2 per cent.

**WHITE PLAGUE**

**CLAIMS 'ANDERSON SUTTLER FOR ITS VICTIM.**

**Young Man, Who Had Been Employed at Metropolis, Passes Away.**

Anderson Suttles, 26 years old, lumber inspector for the Rampe-dahl Lumber company of Metropolis, Ill., died at 7 o'clock last night at his home on the Hushanda road in Tyler after a long illness of tuberculosis. He was unmarried and was a member of Jersey Camp Woodmen of the World lodge. He was born in Livingston county and had lived in Paducah several years. Surviving him are his parents, Mr. and Mrs. W. T. Suttles and one sister, Miss Johnnie Suttles, all of this city. The funeral will be held tomorrow afternoon at 1 o'clock and burial will be in Oak-land cemetery.

## SPORTSMAN and TELEPHONE

Every time a man wants to get away from all connection with the busy world the telephone is an important helper.

Local service is useful in arranging his affairs at home and the long distance service of the Bell System helps him to decide where to go and what to take.

By means of his Bell telephone he can find out whether the fish are biting or the birds are flying, and whether guides or horses can be secured.

After he has been out a while if he wants to get word from the city, the nearest Bell telephone is a friend in need.

The demand is not for "cheap" telephone service but for a "comprehensive" and "reliable" telephone service.

## EAST TENNESSEE TELEPHONE CO.

(Incorporated.)

Every Bell Telephone is the Center of the system.

## THEATRICAL NOTES

AT THE KENTUCKY.  
Last half of week—"Yankee Doodle Stock Company" in repertoire.

Monday—Frank McIntyre in "The Traveling Salesman."  
Star—Family vaudeville.  
Gem—Moving pictures.

"The Yankee Doodle Stock Company" presenting a repertoire of popular plays at popular prices will be the attraction at the Kentucky theater Thursday, Friday and Saturday nights and Saturday matinee. This organization is said to be one of the best of its kind on the road. Excellent vaudeville acts are presented.

"The Traveling Salesman."  
The theater-going public awaits with a relish the appearance of Frank McIntyre with the original cast in "The Traveling Salesman," Monday night.  
The play is a humorous exposition

of the life of a modern drummer, a character which every man, woman and child in this country seems familiar. The original cast which played for nine months in New York and for five months in Chicago, will be seen in this city. The cast contains Frank J. McIntyre, Gertrude Coughlin, Sarah McVicker, William Beach, James O'Neill, Jr., Percival T. Moore, H. D. Blakemore, Nicholas Hurstman and others.

TO CURE A COLD IN ONE DAY.  
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

More people would take chance if could put them back in case they didn't turn out right.

No man is saved unless he deserves to save.

## YOUR WINTER CLOTHES

Are a live issue these days. You couldn't ask more than that they should not only fit, but SATISFY YOU—that's our guarantee with every Suit or Overcoat. And we further guarantee every piece of goods we use to be all wool.

We'll save you from \$10.00 to \$15.00 on what even ready-made clothes of equal quality would cost. We can prove these things if you give us a chance.

Suits and Overcoats \$15 to \$40

DIAZ EXECUTES  
500 INSURGENTS

REOPENING OF MEXICAN TELEGRAPH LINES.

Quiet, Say Officials, and American Reports Shooting of Rebels at Puebla—Guerrilla Warfare.

## THROUGHOUT THE COUNTRY

San Angelo, Tex., Nov. 28.—The re-opening of telegraphic communication with Mexico City and other points brought a recrudescence of sensational rumors concerning the situation of the Republic, all of which are more or less discounted in official quarters.

That the government of President Diaz had made bloody reprisals upon the revolutionists for the outbreak at Puebla was indicated in a telegram received here today, stating that 500 of the rebels had been captured and shot by order of the government. The news came from an American who formerly lived at Puebla.

An unverified report reached here from Brownsville, Tex., of a fight at Camargo, 90 miles above Matamoros. In official circles the confident assurance is given that the revolt had been suppressed and that quiet reigned throughout the country.

Downfall of Corral.  
Opposed to the views of officialdom are the statements of Americans reaching Brownsville from across the border. One of these, an American scientist, declares that fighting, far from being stopped, is being waged guerrilla fashion in many places.

For months past, he says, arms and ammunition have been pouring into Mexico through every port and border gateway, and there are many thousands of well-armed insurgents in the field. The widespread fighting is to scatter the federal troops so as to weaken the defense of the capital. Whether or not the insurgents win, he says, they have already marked the downfall of the unpopular Vice President Corral, whose forcing upon the people by Diaz is held as the chief reason for the rebellion.

Mormons Arrive.  
El Paso, Tex., Nov. 28.—The El Paso Herald received from its staff correspondent who left Juarez Friday morning for the Mormon colony in Northern Chihuahua, a telegram saying that a battle has been fought between insurgents and officers on Wednesday in that region and that the Mormons were now arming themselves in preparation to repulse an attack if any were made.

At Managua, 125 miles south from here two insurgents were killed and a number of police and rebels were wounded. This fight took place on Wednesday. Two hundred insurgents who started to clean up Managua Wednesday are now reported to be within 50 miles of here.

World Land Arms.  
Mexico City, Nov. 28.—It is reported from Tampico that an unknown echelon is attempting to land arms for the rebels at Soto la Marina. The supplies are believed to have been shipped from St. Louis via New Orleans. The government has dispatched a gunboat to the scene.

The only news to reach this city today indicating activity on the part of the revolutionists is a statement that a band of 25 to 30 half-starved men early today raided the Rebula ranch near Sacramento, 30 miles north of Torreón.

The ranch store is said to have been stripped of provisions, these apparently being the sole quest of the marauders. Nothing else was molested.

A call for rations was sent to Lerdo and they at once went in pursuit.

American Given Liberty.  
Guadalupe, Mexico, Nov. 28.—

## MAKE THIS TEST.

How to Tell if Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full the hair is healthy.

We want every one whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, W. B. McPherson.

James A. Cook, the American railroad conductor, who since August, 1909, has been on trial in three Guadalupe courts on a charge of criminal carelessness growing out of the robbery of a train in his charge, was given unconditional liberty yesterday. He had been released from custody on bond last February.

Several days ago the first civil court declared Cook innocent of the charge against him. Yesterday the state prosecutor declined to avail himself of his right to appeal from the decision, and Cook's bond was cancelled.

## War Is Over

New York, Nov. 28.—President Diaz has addressed the following telegram to New York and it will be published here this morning:

"The recent riots in certain portions of Mexico are the political work of Francisco Madero. According to the proclamations he has published on throwing himself into the attempted revolution, his object was to attain the presidency by force, since he is unable to do so by the votes of his fellow citizens.

"This political movement will not extend, since hitherto it has limited itself to riots in Puebla, Gomez Palacio, Panama and Ciudad Guerrero. In all these places they have been repressed.

"The Mexican people love peace and understand its benefits and will not accept any revolution. Further the business men understand that their interests would be in danger in the hands of persons who profess socialism and carry on an anarchistic propaganda.

"No danger exists here, either for the natives or for foreigners, but it is very distressing that the press should publish sensational and exaggerated news which tends to cause alarm in the money markets and do damage to business.

"It cannot be said that there have been any serious disturbances, for even in the places where there have been riots, to which I have referred, order has been re-established, and every one is attending to their affairs with an more excitement than that created by the sensational news. On the other hand, the government is supported by public opinion and a well-disciplined army."

## Mexican Rebels Are Defeated.

Chihuahua, Mexico, Nov. 28.—In an engagement near here, which lasted from 9 a. m. until 2 o'clock in the afternoon, 600 federal troops routed a force of 400 Maderists, compelling them to take to the wooded mountains.

The revolutionists lost 15 killed and many wounded. There were no fatalities of the federal side but several were wounded.

General Navarro was in command of the federal troops. Artillery and cavalry left tonight, making a detour to intercept the revolutionists.

## To Drive Out Malara

And Build Up the System  
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a tasteless form, and the most effective form. For grown people and children 50c.

## NELSON OUT

DANE NO LONGER MENACES LIGHTWEIGHT BELT.

Owen Moran, Englishman, Puts "Butting" Out in the Eleventh Round.

San Francisco, Nov. 28.—Batting Nelson, of Hegewisch, Ill., no longer will menace the lightweight belt. For the first time in his fighting career the "dumb Dane," a shell of the once great pugilist, was knocked out beyond all dispute by Owen Moran, the sturdy lad from Birmingham England, in the presence of one of the largest crowds of spectators ever assembled at a glove contest in this city.

Moran knocked out Nelson in the eleventh round of a scheduled twenty round event, his victory being clean

## ANNOUNCEMENT!

We Have Taken the Exclusive Agency for the World Famous Guaranteed Shoes

From now on the men of this town will have an opportunity to buy guaranteed shoes. We have made it possible by taking the agency for Desnoyers "Six Months" Shoes—the first and only shoes ever sold under a written guaranty.

## The Only Guaranteed Shoes on Earth

Never before has it been possible to buy guaranteed shoes, because never before have guaranteed shoes been made. Heretofore it has been absolutely impossible for manufacturers to make a shoe good enough to guarantee. Their enormous selling expense prevented it. High salaried traveling men, big hotel bills, etc., cost shoe manufacturers over Five Million Dollars a year.

But the Desnoyers Shoe Co. did away with traveling men and their big expenses. They sell direct to dealers by letter, and put the thousands of dollars saved into better leather and other materials. Thus they can afford to make a shoe that's far superior to others and good enough to guarantee.

## Desnoyers "Six Months" Shoes

GUARANTEED TO GIVE FULL SIX MONTHS' WEAR

These shoes will be a revelation to the people of this town. They are marvels of beauty, style and shape. Never before have you seen such leather and such wearing qualities.

## Here's the Guarantee

If either the soles or uppers wear out within four months we agree to furnish a new pair of shoes entirely free of charge. If either the soles or uppers wear out during the fifth month we agree to refund \$2.00 in cash. If either the soles or uppers wear out during the sixth month we agree to refund \$1.00 in cash. In other words, if these shoes should not give full six months' wear

we refund more than the proportion they fall short.

## Best Leather in the World

The manufacturers of the "Six Months" Shoes send way to Switzerland and France for the hides from which they make these shoes.

The Swiss hides are the toughest and finest hides for sole leather produced anywhere in the world, owing to Switzerland's high altitude and the extreme care with which the Swiss stock is raised. It is protected from all weather conditions and kept clean and healthy.

The Paris Veal hides used for the uppers in "Six Months" Shoes are extremely tough, yet closer fibred, softer and more flexible than the hides grown in this country.

The cost of importing these foreign hides makes it absolutely impossible to use them in moderate-priced shoes selling under the old system.

## Flexible and Waterproof

Not being satisfied with merely the best sole leather in the world, the makers of "Six Months" Shoes tan all their sole leather by a secret process which makes it remarkably flexible and entirely waterproof.

## Best Looking and Best Wearing Shoes Made

"Six Months" Shoes are wonderful in appearance as well as in wearing qualities. They combine style, finish and quality in a degree never before equaled in a shoe selling at anywhere near the same price.

## A Quality Shoe Clear Through

"Six Months" Shoes are made with sole leather box toes to give extra strength at the tip. Army duck lining is used, which costs twice as much as ordinary lining, but it is the strongest and smoothest lining made. The uppers are stitched together by lock-stitch machines using the very highest grade silk thread. Nothing but the

best Irish linen thread is used in sewing the soles. These methods all cost more, but they make the shoes last much longer.

## We "Make Good" the Guarantee

You don't have to send your shoes to the factory to be re-dressed or to secure the refund. We make good the guaranty and the manufacturer pays us. You have no dealings whatever with strangers. You don't risk one cent when you buy "Six Months" Shoes. You know you will have six months' wear for your \$1.00 or the equivalent of that in dollars and cents.

## A STYLE FOR EVERY PURPOSE

Desnoyers "Six Months" Shoes are made in the very latest styles for every purpose. There are work shoes, business shoes and dress shoes. And the best styles of each to choose from. You can't lose on a pair, so why hesitate? Call now while our stock is complete.

## J. A. Rudy &amp; Sons

## RAILROAD VALUES

INCREASE MADE IN PROPERTY OF SOME

Frankfort, Ky., Nov. 28.—The following figures have been given out by M. B. Cornett, secretary of the railroad commission, showing results of the annual assessment of railroad tangible property by the commission for 1910:

Value of mileage, 1910	\$50,975,971
Value of mileage 1909	50,291,903
Gain for year 1910	684,068
Value other prop. 1910	6,991,475
Value other prop. 1909	6,811,895
Gain for year 1910	179,580
Total gain for year 1910	\$863,648
Total mileage 1910	3,625
Total mileage 1909	3,559
Gain 1910, miles	66

The rate clerk is preparing statement showing gross and net receipts for all railroads operating in Kentucky for the year 1910, which will be completed when all reports have been filed. This report will give in detail of operating revenues and operating expenses, showing gross and net derived from all sources of income for each road.

There is but little change in valuation of railroads from the 1909 assessment. Notable increases are:

Louisville & Nashville Railroad	\$10,500 to \$12,000 per mile
Shelby branch	\$10,500 to \$12,000 per mile
Owensboro & Nashville	\$8,000 to \$10,000 per mile
Chenapeake & Ohio—Big Sandy branch	\$3,000 to \$4,000 per mile
Louisville & Interurban—From	\$5,000 to \$6,000 per mile on all lines
Morehead North Fork	Twenty-four miles in length—From \$2,500 to \$3,000 per mile

# Christmas Times Are Here

Are You Wondering What Santa Claus Will Bring?

A visit through our over-flowing assortment of beautiful Holiday Offerings will give you many good suggestions. Come, let us show you through,

"Push the Button and Rest"

Do you enjoy a good comfortable chair? If so let us show you this beautiful line of Morris Chairs. We have them from

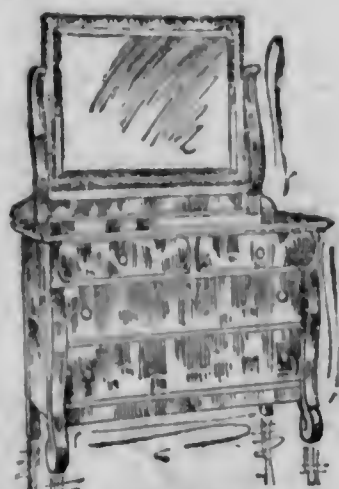

**\$12.50 up**

**Colonial Chiffonier**  
**\$22.50**

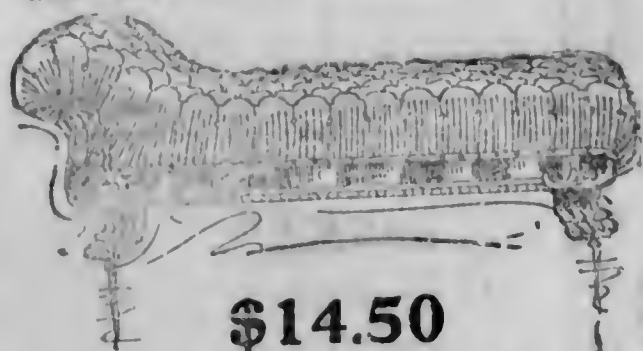

Another true Colonial piece—rich quartered golden oak—top 20x26—mirror, French bevel plate, 16x24 inches—four large and two small drawers—with wooden knobs.

This Chiffonier is an exact match for accompanying dresser—and is of the same excellent character as it—a most trustworthy example of our true value.

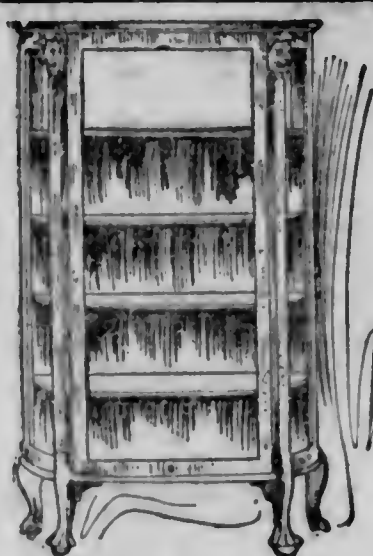

**Colonial Dresser**  
**\$25.00**

A strikingly handsome piece of furniture, this Dresser of true Colonial design—rich quartered golden oak—top 22x45 inches, mirror 24x40 and French bevel plate—all have wooden knobs—the article is thoroughly well made and finished and a striking example of exceptional value at \$25.00.

**\$14.50**  
**Chase Leather Couch**

Has solid oak frame, is very neatly upholstered in chase leather and a good comfortable pattern.

**China Closet**  
**\$23.50**

Here is an elegant China Closet for the money—solid oak, quarter sawed, golden finish—French legs—claw feet—oval end glass—five shelves, including base. A splendid well-made China Closet and mighty interesting value at \$23.50.

**Christmas Deliveries**

Goods bought now will be set aside for Christmas delivery upon request free of charge.

**\$6.00**

**Music Cabinet**

A beautiful cabinet, too—is made of solid oak, well finished—has small mirror on top.

**\$17.00**

**Pedestal Extension Table**

A beautiful pattern, very massive, made of solid quartered oak, nicely finished, has 45-in. 8 foot top. This is an exceptional value at price, \$17.00.

**BUCK'S HOT BLAST**  
**\$10.00**

And Up to \$35.00

This is the greatest heating stove ever produced. It burns the gases ordinary stoves waste—and gas is more than half the heat value of soft coal. In one of these heaters common soft coal heat will give as much heat and keep fire as long as will the highest priced anthracite in any other stove. It's the great st floor heater, the best fire keeper and the most durable and economical stove on earth.

**Christmas**

**Deliveries**

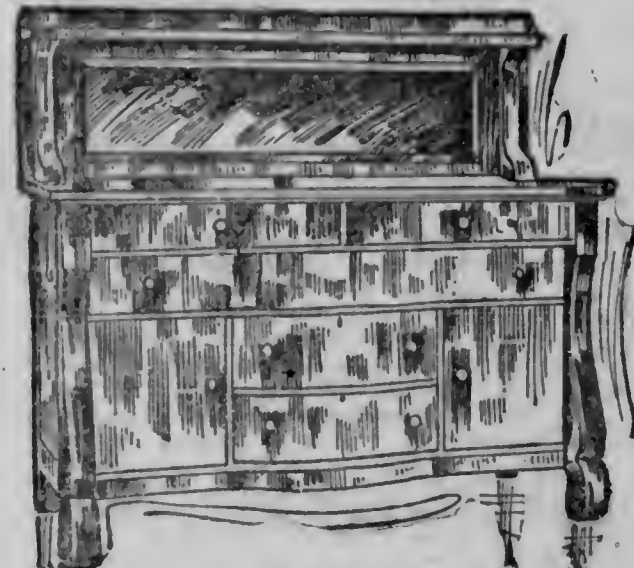

Goods bought now will be set aside for Christmas delivery upon request free of charge.

**\$36.00**

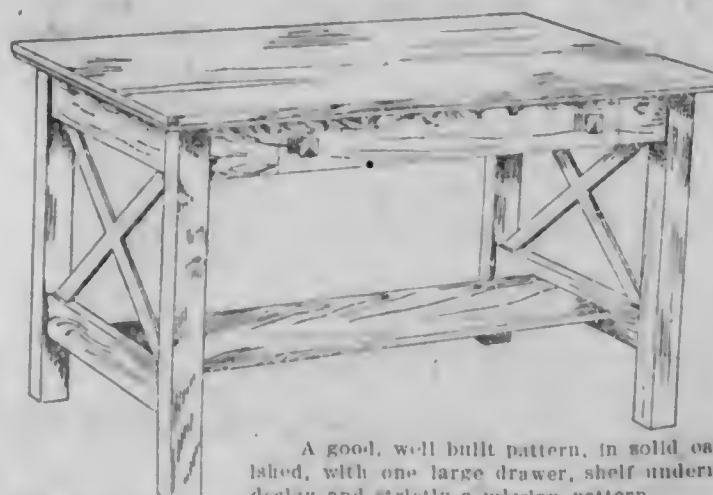

**Three Piece Parlor Suit**

This is a very handsome suit, frame is solid oak, well built, is upholstered in genuine leather. It is an exceptional value at \$36.00.

**\$40.00—This Beautiful Buffet**

Plata, massive board, yet elegant in its simplicity, the top is 23x60 inches, the French plate beveled mirror in back 12x18, four roomy drawers and two cupboard doors in base, extra selected quartered oak throughout, polished golden finish. Its equal could not be duplicated in the ordinary store for less than \$60.00.

**\$15.00**

**Mission**

**Library**

**Table**

A good, well built pattern, in solid oak, handsomely finished, with one large drawer, shelf underneath. A beautiful design and strictly a mission pattern.

**\$21.00**

Just like cut, in genuine quartered oak, well finished—large and roomy—has clothes closet on one side—four drawers and mirror above on other side.

**\$6.25**

**Ladies Desk**

A very neat pattern, well made and finished in solid oak, has large drawer, and pigeon hole, cabinet nicely finished inside.

**\$40.00—"KINDIL" Bed Davenport**

Makes the best bed, is easiest to operate, has large box underneath for bedding, also makes the most beautiful davenport we have. A handsome line ranging from \$40.00 up.

**Christmas Deliveries**

Goods bought now will be set aside for Christmas delivery upon request free of charge.

## Daily Thought.

When you are in the right you can afford to keep your temper, and when you are in the wrong you can't afford to lose it.—George Horace Lorimer.

This, from the Hopkinsville Kentucky New Era, hath a familiar ring to it: "The crowd in attendance upon the farmers' institute today is disappointing. Those who are not present are indeed missing a rare opportunity."

Paducah shares in the honor of the recognition accorded her favorite son by the offer of a bank presidency in the eastern Kentucky metropolis; yet, we note Lexington that we cannot spare Capt. Ed Parley as a citizen, however, willing we may be to lend the talent of the Purchase to the development of Blue Grass.

## SENATOR EATON'S OPPORTUNITY.

Senator W. V. Eaton has recognized one of the most significant factors in political life today—the lack of confidence manifested by voters in parties and public men—in advocating the popular primary as a step toward unshoring the bosses and placing party control in the hands of the people. With the experience and prestige he gained at the last session of the legislature, he should be able to accomplish much good for the commonwealth in the next session.

We believe that under the present legislative system, with all the work done in committee away from the eyes of the public, a legislator can be of most use by mapping out a program of what he wishes to accomplish at the session—and that reduced to the minimum—and sticking to that, regardless of all other considerations. Time was when each legislator was judged at home by the spoils he brought to his constituents in the way of offices and public expenditures; and each man went there, as congressmen go to a tariff revision, determined to get something for his "constituent." Thus the state was despoiled, taxes made grievous and burdensome, lobbyists given free rein to graft and bribe, and iniquitous laws enacted, and beneficial ones smothered in committee.

We believe that kind of representative is out of date. The state is no longer a rich prize that goes to the winners of the election, to be divided between legislative districts. The erstwhile beneficiaries of the spoils system have been made to pay dearly for their own folly. Kentucky is calling for statesmen to readjust her taxes and school system, her prisons and reform schools, her method of political control, her highways and every other avenue of public enterprise.

The New Nationalism. If it has done nothing else, has pointed to the fact that the several states require the attention of statesmen as much as the federal government, and the people are looking to the latter for protection, because the states have utterly failed in those functions, which the constitution reserved to them. Surely Kentucky offers all the opportunity a statesman could desire for the exercise of his talents.

We cannot say we approve the idea of assessing candidates for the expense of the primary. The advantage of the primary to the people is worth what it costs, and if the primary law is properly drawn, the taxpayers will save through it in the conduct of public affairs more than it will cost them in taxes.

We probably go beyond Senator Eaton in our theory of the popular primary. We judge from his interview that he would maintain party lines in the primary vote. We would eliminate them, and for this reason: at present, while the good citizens are divided between the parties, the "interests" which benefit selfishly through political manipulation, know no party affiliation, and by throwing their united influence one way or the other, become the actual balance of power. With a popular primary in which the names of candidates of all parties on one ballot, the good citizens could throw their united and secret influence on the right side of whichever party fight at the time present the most important moral issue, and thus become the balance of power. We say this, though we admit that it would be to the advantage of the dominant party. It has been worked out in the western states satisfactorily, and in the Wisconsin primaries, for instance, the most re-

## VITAL STATISTICS BUREAU.

Bowling Green, Ky., Nov. 28. (Special.)—Active preparations are being made here for the operation of the bureau of vital statistics law, which goes into effect Jan. 1, 1911. This law provides for the reporting and recording of all births and deaths and the collection of morbidity statistics. It is a department of the state board of health and is one far-reaching in its importance to the welfare and lives of the people of Kentucky.

Kentucky has placed herself in the front rank of states doing most for the preservation of health and in the establishment of a bureau of vital statistics she is the first of the entire south to take this long-neglected step.

Ohio, Massachusetts, Indiana, Pennsylvania, Wisconsin, Maryland, Missouri, California and nine other states have a successful operation such a department maintenance of records of births and for a more successful fight against the ravages of disease, by means of the certificates of deaths returned to the state office.

The state registrar, Dr. W. L. Heller, who will inaugurate and manage the bureau of vital statistics, has just returned from an extended visit in Ohio, Michigan and Pennsylvania and Washington, D. C., where he studied the operation of the law in those states which are declared by Dr. Cressy L. Wilbur, chief statistician of the federal government, to be the best in operation in the United States.

Kentucky's bureau will be a combination of the best features of these states with some suggestions of the census department added.

Under the law, before a body is buried, the undertaker must procure a burial or removal permit, which shall be issued only by the local registrar, who will be placed at convenient localities. This permit can be secured only when a certificate of death has been filed out by the physician, and in the event the

markable discrimination was manifested by voters in congressional districts, being secret the primary vote does not affect the voter's right to exercise his own judgment at the polls.

The important thing about government is that it be conducted in such a manner as to be the least burdensome and to insure equal rights and protection. Whatever enables us to secure the best government is right and proper, and that is the only thing an intelligent voter is expected to consider.

## Heard in the Lobby

Col. R. R. Sutherland, a member of the board of police and fire commissioners, returned yesterday from California, where he has been on a visit to his daughter for two months. For several weeks Colonel Sutherland was ill in the west, but he is improved in health now.

## LIKE SUN

GOD'S SPIRIT IS REFLECTED IN MAN'S CAPACITY.

The Rev. D. W. Fooks Preaches on "The Spirit Filled Life" Sunday.

"Man is a great receptacle," said the Rev. D. W. Fooks in his sermon yesterday morning on the subject of the "Spirit Filled Life." Man is ever waiting and desiring to be satisfied by something, and God is always willing to fill man with His spirit according to man's capacity. Stand on the deck of a steamer in mid-ocean, and you behold the sun reflected from its bosom. Stand on the margin of a mountain lake and the same sun is reflected from its bosom. A mountain spring gives the same reflection. Again in the dew drops we see mirrored the same beauty. Thus, the sun adapts itself

person has died of an infectious or communicable disease, smallpox, cholera, diphtheria, scarlet fever, erysipelas, before a burial permit is issued the body must be so prepared for burial that there is no danger of a spread of the disease in the community. This not only safeguards the public, but by means of these reports of deaths coming in from all over the state, properly tabulated and classified, the state board of health is able to learn the infected districts and spots that need cleaning up. Through its sanitary inspectors and engineer, the cause of such prevalence of disease is learned and proper regulations enforced so will stop this needless slaughter of the citizens of the commonwealth.

The entire force of the bureau and state board of health is engaged in appointing suitable men at distances of a few miles, over the entire state. These are the local registrars, who not only will report births and death, but arrangements are being perfected so that they will report the cases of infectious and dangerous diseases that occur in their district and which do not necessarily die. When this system is in operation Kentucky will be on an equal footing for procuring these vital facts as the state of Pennsylvania, which spends the sum of \$3,000,000 each year for health work.

The voting precinct is being used as the unity for the territory each local registrar will cover in his reports. When two or more units can be combined to advantage, resulting in no inconvenience to the people, this arrangement is made. Already hundreds of acceptances have been received from men all over the state and include bankers, lawyers, teachers, farmers, clerks and in nearly all instances, people who are interested in promoting public health work. It is mainly the work of sending the proper blanks and instructions that will occupy the time till the operation of the law on Jan. 1, 1911.

to its reflector, and in the same way God's Holy Spirit adapts itself to man's capacity."

The sermon was heard by a large congregation. At the close of the morning service, two additions were made to the church. The evening sermon was delivered by the Rev. P. H. Fields, of the Methodist church, and notwithstanding the stormy night, was heard by a fair-sized congregation.

## NEWS OF COURTS

## Marriage Licenses.

Ramie McKeenleys, of Kansas, Graves county, farmer, and Cora Holmes, of Graves county.

WHITE PLAGUE  
CLAIMS VICTIM

JOHN DISMUKES SUCCEUMS TO INSIDIOUS FOR.

Alfred B. Johnson Dies of Pneumonia at His Home at Sharp Sunday.

## INFANT SON OF P. S. OVERBY.

Mr. John Dismukes, 60 years old, a well known resident of Arcadia, died at 5 o'clock Sunday morning at the home of his brother, Dr. Z. T. Dismukes, of Tuberculosis superinduced by measles. Mr. Dismukes was born in Halifax county, Virginia, and was the son of E. P. and Elizabeth Dismukes. He spent most of his life in Ballard and McCracken counties and recently sold a large farm in Carlisle county. He had retired and two years ago he was taken ill with measles which caused consumption. He went to New Mexico and Texas to benefit his health and returned last October. He was not a member of any church.

Surviving him are only one brother and one sister: Dr. Dismukes, of Arcadia, and Mrs. Ellen Stahl, of Harlow. The funeral was held at 10 o'clock this morning, the Rev. T. J. Owen, officiating. Burial took place at Lovelaceville, his former home, at 1 o'clock this afternoon.

## Alfred B. Johnson.

Alfred B. Johnson, 36 years old, a well known groceryman of Sharp, Marshall county, died at 9:15 o'clock last night after a week's illness of pneumonia. He was born there and had been in the grocery business for 15 years. He was a member of the Modern Woodmen of America and Masons. Surviving him are his wife, Mrs. Mattie Johnson, and four children: Lizzie Fay, Harry, Alfred James and Mattie Coline Johnson. He also leaves three sisters and two brothers, who are: Mrs. Jennie Grubbs, of White county, Ark.; Mrs. Belle Atkins, of Dallas, Tex.; Mrs. Maria Hill, of Sharp, and Messrs. Fred F. Johnson, of Sharp, and James Johnson, of St. Louis. The funeral will be held tomorrow afternoon and burial will be in the Bethlehem cemetery.

## Noble Overby.

Noble Overby, the 16-months-old son of Mr. and Mrs. F. S. Overby, of Lamont, died at 7 o'clock Saturday evening after a short illness of pneumonia. The funeral services were held at 2 o'clock Sunday afternoon. Burial was in Lovelaceville.

## Funeral of Mrs. Bollen.

The funeral of Mrs. Susie Bollen, whose body is at Nance &amp; Rogers, Sixth street and Broadway, has been postponed until Tuesday afternoon at 3 o'clock at Oak Grove cemetery. The Rev. J. P. Riley will officiate.

## Funeral of Mrs. Burton.

The funeral of Mrs. Mary Burton, who died Saturday at her home, 120 Ashbrook avenue, Mechanicsburg, was held at 10 o'clock Sunday morning. Burial was in Oak Grove cemetery.

Velvet Slippers and Shoes make a fine Xmas Present.

## AT ROCK'S.

BANNER YEAR  
FOR REVENUES

CONSUMPTION OF LIQUOR, TOBACCO AND OILS.

7,600,000,000 Cigars Smoked During Fiscal Year Ended June 30 Last.

## REVENUE OVER \$280,000,000.

Washington, Nov. 28.—The United States has just passed through a banner year for drinks and smokes and oleomargarine. Here is the nation's record for the twelve months ended June 30, as it shows in the figures of the internal revenue bureau: Distilled spirits, 703,000,000 gallons, 30,000,000 gallons more than the year before.

Fermented liquor, 59,485,111 barrels, increase, 3,000,000.

Cigars, 7,600,000,000, which is 160,000,000 more than in 1909.

Cigarettes, 6,820,000,000, an increase of exactly 1,000,000,000.

Other tobacco, 402,000,000 pounds plus, fine cut, cube cut, granulated or sliced smoking or chewing tobacco or snuff, 1,400,000 pounds more than the year before.

Oleomargarine, 141,862,282 pounds 50,000,000 pounds increase.

The internal revenue receipts on all these things, and others such as playing cards and mixed flour amounted to more than \$289,000,000, and Commissioner Cabell's organization collected it all at a cost of about \$5,000,000. It cost a cent and a little more than seven mills to collect each dollar.

Only three other years have surpassed 1910 as the internal revenue producer, since the bureau was established in 1863.

Illinois leads all the states as the producer of revenue. More than \$49,000,000 was collected in that state. Illinois produced most of the distilled spirits and New York produced the most fermented liquors.

A Shubert Organ, Brush, Hammer and Polish, 35c AT ROCK'S. Makes a fine Xmas Present.

## At the Star.

The change of program that goes on at the Star theater consists of Connelly and Connelly. "The Comedy Couple" in a neat refined comedy act, introducing character changes, they sing some, talk some, dance some and then some.

Arnell Brothers, German athletes, are certainly fine specimens of young manhood. There is nothing more awe-inspiring and captivating than the physical accomplishments produced by these two young men who are there with the goods. Their hand-to-hand and head-to-head and other stunts are wonderful and out of the ordinary.

Aurelia Smith will sing "I'd Like to Be the Fellow That Girl is Waiting For," beautifully illustrated.

Two reels of new motion pictures will make a pleasing evening's entertainment.

## Arrivals.

J. T. Reeder, Dyessburg. John L. Lowry, Evansville. Tomahawk, Tennessee. Ohio, Goleonda. Cowling, Metropolis. Kenola, Evansville. T. H. Benton, Tennessee. Robertson, Owen's landing. Brookport, Livingston Point.

## Departures.

Ohio, Goleonda. J. L. Lowry, Evansville. Tomahawk, Tennessee. Cowling, Metropolis. Robertson, Owen's landing. Brookport, Livingston Point.

## Boats Due.

Clyde, Waterloo, Ala. (tomorrow).

## White Caps.

Gauge at 7 a. m. showed 4 feet, indicating a rise of one foot since Saturday or six-tenths of a foot since Sunday. Weather partly cloudy and colder.

The towboat Kenola, which sunk near Evansville several weeks ago arrived Saturday evening from Evansville with her covered barge. She will go on the marine ways for repairs.

The J. T. Reeder returned today from Dyessburg and will leave at 5 a. m. Tuesday for Cairo.

The windstorm late yesterday afternoon played pranks in the local harbor but resulted in no damage.

The towboat Tomahawk, which arrived out of the Tennessee river, was blown from her mooring just below the wharfboat with three barges of ties. After heroic work she was pulled back to the bank. The towboats Lyda and Blue Spot moored at the head of the Tennessee island were blown up into the chute but were made fast again.

The government dredgeboat Indiana is at work between Paducah and Smithland.

The Tomahawk arrived yesterday with a tow of ties from the Tennessee river and left today for a return trip.

The towboat Thomas H. Benton, which came out of the Tennessee with ties Saturday is tied up.

The towboat Condon arrived at Jopka, Ill., yesterday from Cairo with three barges of lumber.

The Clyde is expected tomorrow morning from Waterloo. She will leave for a return trip Wednesday evening.

The John L. Lowry was the Evansville packet today. She was delayed by the wind.

The Ohio and Cowling were in port on time today, each doing a good business.

The ferryboat Robertson enjoyed a good business between Paducah and the Illinois landing today.

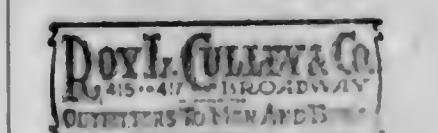

## BLACK AND WHITE HEAVENS, BIG ASSORTMENT OF LARGE SHAPES, REGULAR \$10 AND \$12 HATS, FOR \$6 TO \$8. MRS. E. H. MILLIS, 316 BROADWAY.

## The Weather

For Paducah and vicinity—Fair and much colder tonight. Tuesday fair. Temperature today: Highest 40; lowest, 31.

For the requirements of all weather our convertible collar Raincoats are just the garments. We are specializing all wool black thibet raincoats with convertible collars at \$15.00. Better have one before the weather gets bad.

## RAILROAD NOTES

A. E. Cliff, superintendent of southern lines, arrived last night from the south in private car No. 19. He left this morning for Princeton.

A. L. Duck, a machinist, has returned from Arkansas, where he enjoyed a several days' hunt.

Salem Cope and James Mares, of the stockraising department, left this morning for Cumberland river on business.

## ASSESSMENT BONDS

ARE SOUGHT BY ONE CINCINNATI BANK.

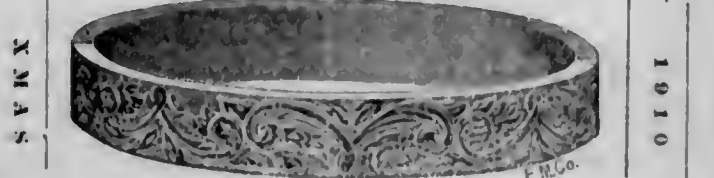

The perplexing problem of the disposition of the ten year assessment bonds in payment for the construction of public improvements, probably has been solved. Local banks will take 30 per cent of the bonds while a Cincinnati bank has offered to take the remainder. On account of contracts the contractors have refused to bid because of the new method of payment, and stated that they preferred the old method of being paid with estimates against the existing property owners. The new method makes the cost of the work much cheaper on the part of the property owner, as the contractor is in the bonds and secures his money immediately, while the property owner has ten years in which to make the full payment. The donors of the bonds to purchase the bonds probably will eliminate all opposition of the contractors to bidding upon work upon the new plan.

QUALITY MARK MORE CONSPICUOUS THAN DOLLAR MARK IN OUR SHOES

That's our aim—to put quality first and yet maintain reasonable price—and you'll agree that we succeed admirably when you see the new Fall Line of Shoes for the whole family. The best shoes America produces are shown here—many of them here exclusively.

### FIVE YEARS

HICK MORE GETS SENTENCE AT MAYFIELD.

Slayer of Jesse (Cooley Will Be Punished By Graves County Jury.

Mayfield, Ky., Nov. 28.—The jury in the Dick Moore murder case returned a verdict fixing his punishment at five years in state prison. At the former trial he was given eight years, and was granted a new trial. Moore shot and killed Jesse Cooley, a prominent young capitalist, in front of the depot restaurant on the night of April 3, 1909. The jury was out 20 hours.

Good Sense.

"Mary Carter is much more sentimental than I thought. She even keeps every letter her old lover writes her."

"That isn't sentimental, my dear. It is good, hard, breath of promise sense."

Mr. Arthur Hall will return to his home in St. Louis tonight after a visit to his sister, Mrs. George Lehnard, 422 South Fourth street.

Mr. Glen Eudaley, of Madisonville, visited in the city yesterday.

### NAVY WINS

DEFEATS ARMY BOYS THREE TO NOTHING.

Many Dignitaries Witness Contest Between Uncle Sam's Fighting Boys.

Philadelphia, Pa., Nov. 28.—That old rule which teaches that if one cares to succeed he must try, try again, was forcibly brought to mind on Franklin field, when the Navy in a hard and clean game of football and before a large and enthusiastic crowd defeated their old rivals, the Army, by the score of 3 to 0.

After six attempts to boot the ball from placement over the West Point goal line, Dalton, the sturdy right half back of the navy-men team, succeeded on his seventh effort and the three points for which he had been striving looked good to the Navy and proved to be sufficient to win the game. It was a pretty kick squarely between the goal post and was made toward the end of the last period of play. The kick almost broke the Army's heart, but true to the traditions of the teams that have fought for West Point before them, the Army stuck to it and did not show the white feather.

Navy Burns Its Victory.  
The Navy deserved the victory, for the midshipmen put up a sterling game and outplayed the cadets from the initial kickoff down to the instant when Field Judge Fultz threw up his hand and declared the contest at an end.

Of Dalton's seven attempts at goals from the field three were made from the thirty yard line, the last of which succeeded; one from the nineteen yard line, one from twenty-six yard line, another from thirty-nine, and one mighty effort fifty-one yards from the army goal. All but three of his kicks carried to the goal line, but the stiff wind from the northwest which blew across the field, carried the ball to one side of the goal posts. Dean, the star punter of the army, made two attempts at field goals, one from the forty-four yard line and the other at forty-five yards, but neither kick came near a score.

The frequency with which resort was made to this method of attempting to score was because of the difficulty each team had in advancing the ball consistently. Comparatively few first downs were made by either team, but what advantage there was in this respect was with the Navy. The midshipmen played a few offensive game and there were few times throughout the sixty minutes of action that the midshipmen did not have the cadets on the defensive.

Many Dignitaries at Game.  
The game will go down in the football annals of West Point and Annapolis as one of the cleanest and best ever played between the two institutions. It was fought before one of the largest crowds that ever gathered on Franklin field, and in brilliance the great throng has hardly ever been outdone by any assemblage attracted to the annual battle between these two arms of the national service. Every stand was taxed to its capacity, the private boxes were filled to their limit, and a crushing mass of people choked up the promenade that surrounds the gridiron.

—BLACK TAFFETA WAISTS, BRAND NEW GARMENTS, REGULAR \$6.00 to \$7.50 WAISTS, TO CLOSE OUT \$2.50 TO \$3.75. MRS. E. R. MILLS, 316 BROADWAY.

Old Phone 286-R. New Phone 286

TOBACCO SALES SMALL.

Warner Weather Needed to Start Business Heading.

Clarkville, Tenn., Nov. 28.—It is still playtime for the local tobacco buyers. This week there were neither receipts nor sales. The weather has not been soft enough to give receipts of loose tobacco to start the loose tobacco warehouses and factories going.

In the meantime farmers gather their corn, for which the weather has been favorable, and kill their hogs and put up their meat supplies and lay their plans for the coming year.

They will make a good, active market here for the tobacco crops. The utmost harmony prevails without a cloud upon the sky. Unfortunately, the contrary conditions exist in the Ohio river districts, where the planters have fixed a price on their pooled crops, and sent peaceful delegations to all of the buyers asking them not to buy the independent crops until they sold out their pool. They started that way once before, and we all know how distressingly it progressed and closed.

There has been a little rain, but not enough for a season for dried tobacco, nominally, the quotations are: Trash, \$5@5.50; low lugs, \$5.75@6.25; common lugs, \$6.25@6.75; medium lugs, \$6.75@7.50; good lugs, \$7.50@8.25; low leaf, \$8@9; common leaf, \$9.50@11.50; good leaf, \$12@13; fine leaf, none offered; choice selections, none offered.

THANKSGIVING

In the Hearts of All Ye That Wear Rock's Shoes.

We in turn give you our thanks for your liberal patronage and shall strive each season to do a little better and make all comfortable and pleased with Rock's Shoes. Try a pair and tell your friends.

## Clergyman's Son Cured of Tuberculosis

To neglect a cold, bronchitis, lung trouble or consumption is dangerous. We all know how prone people are to deny their own consumption. It is a fatal disease, and the sufferer is filled with bright hopes of improvement. Call consumption by its own dread name—and you—take Eckman's Alternative because it is effective in tuberculosis. No one need doubt about it—there is plenty of evidence from the witnesses themselves to the following:

Amelia, N. Y. Gontenham: "Prior to 1908, I was afflicted with tuberculosis. I was suffering with latrine, which developed into tuberculosis. My physician gave me months to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 125 to 115 lbs. I could not raise my arms and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alternative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alternative."

(Signed) H. C. COWLES.

Gontenham: "I cannot find words to express my appreciation of what your remedy has done for my son. It changed his life. He is now a healthy, active young man. He is now taking it, and without any doubt in my mind, it saved his life. I wish to place my endorsement to every word of his testimonial."

(Signed) REV. J. J. COWLES.

Eckman's Alternative cures Bronchitis, Asthma, Croup, Whooping Cough, Laryngitis, Sore Throat, and Lung Affection. Ask your druggist for it, or write to the Eckman Laboratory, Philadelphia, Pa., for additional evidence. For sale by all druggists and List Drug Co., Inc., Paducah.

## KILLED FOUR BEARS.

Tells Thrilling Story of Hand-to-Hand Encounter.

Monticello, N. Y., Nov. 26.—William Misoner has established a new bear killing record. He shot and killed three by design and then slew a fourth by accident. As he tells the story, he noted the tracks, which led him to a cave. He built a smoke fire. In five minutes out shambled a big black bear. He killed it instantly. Within a period of twenty minutes two other bears came out. Each were killed. Then he crawled into the cave in search of cubs. He was confronted by a 300 pound male bear. In a cramped position he could not use his gun, but drew a hunting knife and began driving the blade in the animal's chest and ribs. They struggled madly for a moment, then, Misoner says, his gun was discharged and the bear fell dead.

"Your husband seems less careworn than formerly." "Yes; now that the baseball season is over he hasn't anything but his business to worry him."—Pittsburgh Post.

**A Reliable Remedy FOR CATARRH**

**Ely's Cream Balm**

It quickly absorbed. Gives relief at once. It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a cold in the head quickly. ## TRADING CHECKED AT THANKSGIVING

OTHER FEATURES IMPOSED SOME RESTRAINT.

Money Is More Plentiful and Easier—East Slightly Depressed.

WEST IS IN GOOD CONDITION

New York, Nov. 28. (Special.)—

Trading on the stock exchange was somewhat checked by intervention of the Thanksgiving holiday. In addition to this factor the contradictory features of the general situation imposed some restraint upon activity in general. Reactionary tendencies are decidedly more evident than six months ago, and the year drawing to a close shows a very different business temper. The whole year has been a period of readjustment, some lines of business maintaining continued activity as a result of previous momentum, while others showed a decided slackening if not actual retrogression. As reaction touched first one department of industry and then another, the conviction spread abroad that no general recovery was possible until the readjustment process was complete and a general evening up—or, more properly speaking, shaking down—had taken place. The fact that we had reached, for the present at least, a climax in the upward movement was popularly expressed in innumerable complaints about high costs of living. These complaints at first originated with the consumer. They now come from the producer and distributor, who find the enhanced cost of doing business a serious detriment. The consequence is a wholesome change. Economy is at last taking the place of extravagance with the consumer, while efficiency has become the watchword among producers and distributors. At the same time, owing to good crops the cost of living promises to be further reduced by a drop in the price of food products. According to the statistics of the department of agriculture, the combined cereal crops of 1910 show an increase of 8 per cent over last year, corn and oats reporting record-breaking yields. As a result of the big corn crop the price of meat has already declined, and this cereal bulge an important element in the cost of raising cattle it would seem as if the price of meat should remain on a lower basis.

**The Outlook.**

With some relief in the high cost of living in sight, and with the political campaign out of the way, two important elements of depression have been ameliorated, if not removed. It is true the tariff question is still with us. We must expect and endure a period of heated and prolonged discussion, but new legislation seems hardly probable before 1912. Our new congressmen do not go into office until a year hence, and all talk of an extra session of congress after March 4, 1911, when the approaching session ends, should be earnestly discouraged. The short session beginning a week hence will be fully occupied with appropriations and other necessary routine affairs, and these should not be delayed in order to afford a pretext for forcing the president into calling an extra session to enable premature seating of new members. There is danger of a political trick of this sort, and it should be severely disapproved by the entire business community. It is universally admitted that the tariff must be revised downwards, but hasty action is inadvisable, and the country is entitled to a period of rest before another change is enforced. Some interval between the new vigorous tariff-fed infant will not survive the treatment.

**Money.**

Improvement in the monetary situation is more evident. Money is more plentiful and easier rates prevail. Funds are returning from the interior, and in spite of gold shipments to Canada the outlook is for continued ease until the approach of January disbursements and other operations incidental to the opening of the new year. The investment situation, however, is not entirely satisfactory for the reason that investors and lenders are waiting for greater inducements. Capital is insisting upon better terms as well as labor. Recent new bond issues have been placed with fair success, but it is noticeable that these are much more readily absorbed in foreign markets than at home. There is a slight improvement in the demand for bonds, yet it is evident that pending issues will only be successful through offering better terms

than have previously been acceptable. Considering the necessities of the railroads, it is an open question as to whether the latter should not resort more freely once more to the short-term note, which filled the gap so well in 1907 and which would at least tide the companies over until money market conditions were more favorable for the placing of bonds.

**Stocks.**

In the stock market a slightly better feeling exists owing to the belief that the railroads will secure some concessions in the matter of rates. It is believed that as a rule they may secure about half of what they asked, although in some cases the concessions will not be as great and in others they will be more than this amount. The views of government officials and others recently expressed before the Railway Business association had a reassuring effect in Wall street, although apparently previously discounted. The railroads are much in need of funds and are not likely to meet with much success unless allowed to secure fair profits. The present quietness in trade may impose an extra strain upon their earning capacity, and already managers are considering plans for enforcing economy. The renewed aggressiveness of labor at this time is exceedingly inopportune, considering the reactionary tendencies in business, which must have their effect upon railroad traffic.

**West Well Off.**

Depression is more keen in the east than in the west, where the beneficent influence of good crops is distinctly felt. The decline in farmers' profits, however, is a factor that must be reckoned with, considering the increased obligations and expenses which many must face. The farmer will not be as prosperous as a year ago. In eastern industrial circles there is more or less depression because of the reaction in business. The disposition among consumers to economize is certainly checking consumption. In the great iron industry, which leads all others in importance, there is still a very pronounced state of inactivity. The latter is not likely to be removed until the railroads come into the market as purchasers of materials, something which they will be unable to do until the rate question is settled and the outlook for traffic becomes more encouraging. Present conditions suggest fair activity in the stock market, with moderate fluctuations in either direction. Trading has unquestionably been checked by recent manipulation, which carried prices quite beyond the views of buyers. A reaction of a few points would place the market upon a sounder basis and afford some inducement to both investment and speculative operations. Much will depend upon President Taft's message and the opening of congress a week hence. **HENRY CLEWS.**

## HAD SCRATCHED FOR 28 YEARS

Till It Got to be Second Nature—Suffering Endless and Without Relief—Cuticura Made Skin as Clear as a Baby's.

"If I had known of the Cuticura Remedies fifty years ago it would have saved me two hundred dollars and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly over my body and got under my nails. The scales would drop off me all the time and my suffering was endless and without relief. A thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be free of what some of the doctors called leprosy, ringworm, psoriasis, etc. I took ———— and ———— over a year and a half but got no cure. I cannot praise the Cuticura Remedies too much. They made my skin as clear and free from scales as a baby's. All I need of them was two cakes of Cuticura Soap, three boxes of Cuticura Ointment and three bottles of Cuticura Resolvent. If you had been there and said you would have cured me for two hundred dollars, you could have had the money. I was covered with the scales but by using Cuticura I was soon as clear as any person ever was. This was over twenty-two years ago and for a long time, through force of habit, I used to rub my hands over my arms and legs to scratch, but to no purpose—I was well. I had almost lost the money. I was cured by a kind of second nature to me. Dennis Downing, Waterbury, Vt., November 27, 1909.

Cuticura is the most economical treatment for psoriasis of the skin and scalp. A cake of Cuticura Soap and a box of Cuticura Ointment are often sufficient. Sold throughout the world. Putney & Co., New York, Boston, Chicago, St. Paul, 32-page Cuticura book, an authority on the skin.

with Mrs. Ida Myers and George McCune, came back, he says to answer to any charges that might be brought against him.

## CASH DONATIONS

GIVEN TO HOME OF FRIENDLESS THANKSGIVING.

Board of Lady Managers Express Appreciation of Thoughtfulness.

The board of directors of the Home of the Friendless wish to express their thanks and appreciation for the many contributions made on Thanksgiving. A printed list of groceries and clothing was given yesterday but the cash contributions have just been secured which are as follows: A large amount of the money was given in small amounts, which the donors refused to give their names for this reason the list is not complete:

Union Thanksgiving Services, \$20.10

Grace Episcopal offering, 20.00

Mr. and Mrs. Henry Overly, 10.00

Mr. and Mrs. Louis Hoke, 10.00

Dr. D. G. Murrell, 10.00

Mrs. Reuben Loeb, 10.00

Mrs. Wm. Nagle, 5.00

Mrs. Henry Well, 5.00

Mrs. E. B. Landis, 5.00

Miss Janet Loeb, 5.00

Matinee Musical, 5.00

Mrs. Gus Reitz, 4.00

Miss Ann Baird, 3.00

Mrs. Henry Baker, 2.00

Edwin Well, 1.00

Mrs. Geo. Duffins, 1.00

Mrs. J. A. Pether, 1.00

Mrs. Sol Dreyfuss, 1.00

Miss Mary Morton, 1.00

Miss Susan Morton, 1.00

Miss Rebecca Allen, 1.00

Mrs. Cook Husbands, 1.00

Mrs. H. S. Wells, 1.00

Mrs. E. P. Noble, 1.00

Mrs. J. R. Puryear, 1.00

Mrs. J. Q. Taylor, 1.00

Mrs. Henry Boyer, 1.00

Mrs. Georgia Reiser, 1.00

Mrs. Will Katterjohn, 1.00

Mrs. Lena Effinger, 1.00

The Customer (at a very second-class restaurant)—That's a good idea waiter. Samples of the different dishes glued on to the menu.—The Sketch.

A good home is the best exposition of heaven.

Miss Emma Helm, of Mayfield, who for many years resided here, was in attendance at the teachers' meeting Friday and Saturday.

The Rev. John E. Harman, a former pastor of the M. E. church delivered a lecture to the teachers Friday.

Pork has tumbled from 20c per pound to 14c; lard from 20c to 11c.

Lester Craig and Miss Eva Harret were married Wednesday night by the Rev. J. T. Asup, of the Christian church. Only relatives and immediate friends were invited.

Ped Power made a business trip to Paducah Saturday.

Frank Watson, who formerly resided here, but who now lives at Juka, Ky., transacted business here last week.

Messrs. C. P. Treat, A. J. Gibbons, Senator D. M. Helm and S. E. Kerr attended the deep water meeting at St. Louis last week.

Mrs. Urish Dixon and granddaughter, Miss Bessie Edwards, have returned from Casterville, where they had been called to the bedside of Mrs. Ike Edwards, daughter and mother of Mrs. Dixon and Miss Edwards.

Mrs. Cora Stewart, of New Brownfield, is visiting her mother, Mrs. Hugh Hivins.

Rodney Gloverkamp, former night policeman, who left after his trouble

## "UNFINISHED LIFE" DR. QUIN'S SERMON

VISITS GRACE CHURCH AND PREACHES AT NIGHT.

Strong Practical Address by Rector Called by the Parish to Grace Church.

HE RETURNS TO LOUISVILLE.

The Rev. Clinton B. Quin, rector of the Episcopal church, preached a strong sermon before the congregation last night on "The Unfinished Life." His text was Psalm 102, 24—"O my God, take me not away in the midst of my days."

Whether a life is finished rests with God, he said. The work is never finished; it goes on after the worker is dead. The man, who is satisfied with his work, is without an ideal; the man who is satisfied with his life, is without hope of eternal life. The speaker cited instances to indicate that the greatest characters in the Bible, whose lives as viewed in retrospect were finished and their work nobly done, expressed at the very consummation of their careers dissatisfaction with their life and work, because the one had not come up to their ideals nor the other fulfilled the conditions of Christian living.

It is not so important that a life be finished, from the human point of view, as it is whether a man is called away without having made the most of his life and opportunities. When we pray "take us not away in the midst of our days," we have reference to sudden and violent death. That makes little difference, if we at all times are in readiness, having to the utmost made the best of our opportunities. Then preparation becomes an essential in the finished life; and complete preparation means work and effort and striving. But Christianity does not leave us thus to our own resources. It opens the way for the fullest development of our powers and activities in this life, and when it is finished, to the fullest realization of the life to come.

Dr. Quin returned this morning to Louisville. He will make a return to the city some time soon. The congregation was well pleased with his sermon.

Dr. D. C. Wright, who has accepted a call to St. Paul's church, Louisville, will leave with his family this week.

## Easy Money.

Two Coney Island waiters were talking about short changing.

"It's bad to take a raw chance," said one, "because you never can tell what will happen if you're caught. The best plicking I ever had I didn't take any chances on. I was selling tickets at a fifteen cent attraction. Every time a guy showed in a two dollar bill for one or two tickets I counted out carefully 5 or 10 cents in silver too much. If he bought two tickets I'd lay out 80 cents in silver. Nine men out of ten would grab the change and beat it, thinking they had beat me out of a dime. They seldom remembered that I had a dollar more to give them they were in such a hurry to get away with my dime."

"The tenth man who didn't fall for the game was generally honest enough to show my dime back, so I seldom lost anything. I made \$10 a day besides my pay, all without taking a chance."—New York Sun.

## She Preferred His Rival.

A story is told of Lord Melbourne in his character of premier asking the young Queen Victoria whether "there was any individual for whom she felt such a preference that she would wish to have him associated with her in the care of sovereignty." The queen, a little astonished, asked whether the question was put by Lord Melbourne in his character of a minister of the crown, and he replied that under no other circumstances would he have presumed to address such a question to her majesty. "Then," said the queen, "I must admit there is one individual for whom I entertain a decided preference, and that individual is the Duke of Wellington." The length of Lord Melbourne's face may be imagined, the duke being, of course, his great political adversary.

Mining Company President—Have you seen our annual statement? Friend—Yes. Now, just between ourselves, I'd like to ask you one question. Me, P.—Certainly. Friend—Just what is your exact financial condition?—Puck.

## RAISE LARGE SUM FOR CHURCH DEBT

### THE FIRST CHRISTIAN DEMONSTRATES SERMON.

Officers Installed at Some of the City Churches Yesterday.

### ADDITIONS TO MEMBERSHIP.

At the First Christian church yesterday morning the congregation raised \$1,343.10 towards the debt of the church. The pastor, the Rev.

W. A. Flite, preached on the subject of "The Psychology of Giving" from Exodus xxv, 21. A large congregation was present. Last evening he preached an expository sermon from Ephesians, iv. Wednesday evening at prayer services the Rev. W. A. Flite will tell of "The Life of the Apostle Paul."

### Tenth Street.

A large congregation was on hand yesterday morning at the Tenth Street Christian church. No evening services were held on account of the inclement weather.

### North Twelfth.

At the North Twelfth Street Baptist church last night the pastor, the Rev. J. R. Clark, preached on the subject of "Prayer." Both the morning and evening services were well attended.

### New President of Board.

Mr. Louis Kolb, Jr., was installed

as president of the official board of the German Evangelical church yesterday morning for a term of one year, and Mr. John Rock was installed as a trustee. The services were well attended.

### Broadway Methodist.

A large congregation was present at the Broadway Methodist church Sunday morning when the pastor, the Rev. G. T. Sullivan, preached on the subject of "God's Expectations of the Believer." He said that God wants us to be witnessing, serving, giving, prayerful and people of fraternity of love. He said God's promises are sure. His text was, "And I will be a Father unto You"—II Corinthians, vi, 18. Mrs. Edgar Lyle and Mr. John U. Robinson sang a duet for the offertory. Five members were received into the congregation by certificate. The Epworth league was led last evening by Mr. Yarbrough. The attendance at the

evening services was small.

### Dr. Messey Preaches.

The Rev. W. J. Messey, presiding elder of the Methodist church, preached at the Fountain Avenue Methodist church yesterday morning and evening. His subject in the morning was "Salvation," and last night he preached on the subject of "Profitable Hearing." Mr. Pierce played a violin solo at the morning service.

### German Lutheran.

An interested congregation was present at the German Lutheran church last evening. The pastor, the Rev. Grother, preached at St. Matthews in the county yesterday morning.

### Nashville Minister Heard.

The Rev. William A. Province, of Nashville, filled the pulpit of the Kentucky Avenue Presbyterian church yesterday morning. No

evening service was held on account of the weather. Yesterday afternoon at 3 o'clock Dr. Province spoke to the teachers and officers of the Sunday school on the subject of "Ways and Means of Having a Successful Sunday School."

### Attends Bible Institute.

The Rev. M. E. Dodd, pastor of the First Baptist church, will leave tomorrow for Clinton to attend the Baptist Bible Institute, which will be in session all week. He will speak twice Tuesday.

There were five additions to the First Baptist church yesterday, three in the morning and two at night. Large congregations were present.

### "Love."

"Now, Jesus Loved Martha and her sister and Lazarus." John xi, 5. Not of Man." A quarter, composed of This was the text from which the Mrs. Bradshaw, Mrs. Hart and Rev. H. W. Burwell preached yesterday morning at the First Presbyterian church on "Love."

torian church on "Love, the Guiding Principle of Divine Providence." From the text Dr. Burwell drew a comforting lesson for those in deep affliction, whose immediate loss obscures to their human minds the love and sympathy in which Christ holds them. Though he loved this family in Palestine, yet he suffered Lazarus to die and wept with the sisters. So, some times we are bereaved, said Dr. Burwell, and we cannot for the moment see wherein love could possibly play a part in the divine scheme of things, and yet the love is there to sustain us, if we look for it.

An offering was taken for ministerial relief. There was one addition to the church.

At night Dr. Burwell preached on "The Gospel, the Power of God and the Kingdom of Heaven." A quarter, composed of the Mrs. Bradshaw, Mrs. Hart and Rev. H. W. Burwell sang "Crown Him with Many Names."

### Church Notes.

The stewards of the Broadway Methodist church will meet in regular session tonight at the church parlors.

Three excellent services were held at the Third Street Methodist church yesterday when the Rev. A. C. Holder, of Shreveport, La., preached. Services will be held all this week at 3 p. m. and 7 15 p. m. Tonight the Rev. Holder will preach on the subject of "Jesus Passing Through Paducah."

The Sunday school class of Mrs. G. C. Wallace at the First Christian church will give a candy pulling Friday night at the church.

A full line of House Slippers AT ROCK'S.

It's easier to get married than it is to pay alimony.

# GREAT REDUCTION ON HEATING STOVES

To make room for our large line of Holiday Goods we will offer our entire line of high grade Heating Stoves at 10 to 15 per cent. REDUCTION for one week only. . . . .
